

Foreign News.
PASS, August 5.—Eugene visits Constantinople. Immense preparations are being made.
Isabella advocates in favor of Asturias.
MADRID, August 5.—No negotiations are pending for Cuban independence.
HAVANA, August 4.—The Captain-General has authorized the Spanish Bank to issue a second loan; the proceeds of confiscated estates being specially pledged for its redemption. The number of volunteers in the island is 58,000. Previous reports were incorrect.

Washington News.
WASHINGTON, August 5.—The President and Secretary Fish will be here on Tuesday, for consultation regarding Cuban and Mexican complications.
Internal revenue receipts to-day \$772,000.
Between 4,000,000 and 5,000,000 tenorities have been substituted for five-tenths as security for national bank circulation, since Boutwell's order allowing substitution.
The ministers of France and Peru are in New York to see about the seizure of gunboats.
The Revenue Department has letters from Richmond announcing the arrest of a deputy collector for withdrawing collections.
Col. Barzies, counsel for Brown, and others charged with the murder of Dr. Maxwell, at Bryan, Texas, is here to have his clients placed on a footing with Yerger, in Mississippi, for a hearing before the Supreme Court.
The Cubans here have advices to the effect that the Spanish still holds communication between Puerto Principe and the coast. Jordan has been reinforced with a battalion of regulars and two regiments of volunteers. The Spaniards drove Jordan from his position near Santiago de Cuba, with some loss. Jordan rallied his forces, and, reinforced by Figueras, regained his position. It is reported that a foraging party of Cubans, near Remedios, captured another near Sagua Grande. It is feared they were all executed. The Cuban troops are free from disease. A decisive action is expected in about twenty days, which, if successful, will give the Cubans control of the Eastern portion of the island.
The Tribune, in an editorial says: "We protest against the exaction of the test oath, as mediated by Gen. Canby. We want the leading conservatives to take their seats in the new Legislature, swear fidelity to the new Constitution, and ratify the fifteenth amendment. We want the State admitted thereupon to representation in Congress, to all the rights of self-government, and so we are confident do a very large majority of the Northern people."

Domestic News.
PHILADELPHIA, August 5.—Patterson's bonded warehouse, foot of Lombard street, containing 40,000 barrels whiskey, was burned this morning; the loss will be about \$7,000,000. The fire is attributed to the breaking of the floor over the engine room. The streets were flooded with the burning whiskey, impeding the firemen. Later advices say that at noon the fire was still raging, but there was no chance of its extending. The loss is now estimated at \$5,000,000. No lives lost.
The total insurance on the whiskey burned to-day is \$2,288,000. The New York and Eastern companies are the heaviest losers. The London and Globe Companies lose \$180,000; the Imperial \$319,000; the Insurance Company of North America at Philadelphia \$127,000; Philadelphia companies probable loss \$400,000.
The Juniata has gone to sea. The Dictator sails to-day. The Constitution has gone to Norfolk, where she will remain as receiving ship. The double-turreted monitor Miantonomah and steamer Cambridge are fitting out for sea.
LEAVENWORTH, KANSAS, August 5.—A meeting of the Land League was held to-day, on neutral lands. Speeches were made by Hon. Sidney Clarke and others. Resolutions were passed, unanimously denouncing James F. Joy and the United States Senate and asking Ross and Pomeroy to resign. They also propose cutting loose from the Republican party, and forming a new and independent State Central Committee. Senator Pomeroy was burned in effigy.
MEMPHIS, August 5.—The election is progressing quietly. The indications are that the Democrats will carry the County by 2,000.
KNOXVILLE, August 2.—Andrew Johnson spoke at Maryville to-day. A crowd of radicals at the depot greeted him with insulting remarks. While speaking, the Stokes radical preacher-whippers of Blount County got up a crowd to mob Mr. Johnson, with the declared intention of breaking up the speaking and riding him on a rail. They made three charges on the stand, but fell back, awed each time by the firm attitude of Mr. Johnson and his friends. There were several knock down fights and considerable tumult but no bloodshed. Johnson spoke three hours, and made a telling speech—a speech similar to others in the State.
AUGUSTA, August 5.—Advices from Edgefield, S. C., are that Charles and J. D. Cresswell, who left this city yesterday, were shot this morning, near Edgefield. The former was killed instantly, and the latter was seriously, if not mortally, wounded. The affair was entirely of a private nature, alleged to have grown out of family trouble.
CHARLESTON, August 5.—Sailed for Boston, the schooner Solah.

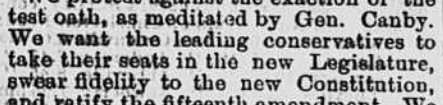

A man named W. Sterling was brutally murdered Saturday night, at Council Bend, Crittenden County, Ark., fifty miles below Memphis, by negroes, led by a white man.
Lightning struck and blighted about half an acre of cotton in an open field of Mr. Holland's, near Columbus, Ga., recently.

SOLUBLE MANURES.
The Sulphuric Acid and Super-Phosphate Company, of Charleston, S. C.,
HAVING completed their extensive Manufactory, are now prepared to furnish Soluble
Fertilizers, no other kinds being available to planters for immediate returns for their
investments.
 This Company, under the direction entirely of Southern men of high character, offers in-
 ducements which will recommend it to Southern planters. Their works are among the
 largest and most complete in the United States, and enable them to prepare at home an
 abundant supply of the proper solvent for the South Carolina native Bone Phosphates which
 are near by. From these Phosphates they propose to manufacture a Fertilizer even richer
 in soluble Phosphate than those made from raw bones, and containing more than twice the
 quantity of Super-Phosphate of Lime found in the best average Manures heretofore offered for
 sale, the rates at which we offer them being no higher than the average price of other Fer-
 tilizers, while the Manures contain twice as much fertilizing material; they are in fact much
 cheaper to the consumer. They are offered on the market in two forms, with a guarantee
 that the material in each will correspond to the advertisement.
ETIWAN, No. 1.—Soluble Phosphate, containing from eighteen to twenty-five per cent. of
 Pure Soluble Phosphate of Lime, and furnished at sixty dollars per ton.
ETIWAN, No. 2.—Peruvian Super-Phosphate, containing from sixteen to twenty per cent. of
 Soluble Phosphate, and two to four per cent. of Ammonia, at seventy dollars per ton; for ap-
 proved acceptances, bearing interest, or such other security as may be acceptable to the sub-
 agents. Orders to be forwarded immediately to the Agents, and delivery made as directed on
 and after 1st January next.

THIS BRANCH OFFICE offers all inducements for Life Insurance of a perfect Home Office,
 with these advantages: The Capital is furnished, the expense of commencing operations
 has been incurred, the success, beyond peradventure, is established, and the whole Capital
 and Assets of the Home Company stand committed to sustain it.
 Its entire management of the Piedmont is in the hands of Southern men, and its aim is to
 sustain Southern interests. It further pledges itself to invest all funds accruing within the
 State, under the direction of the gentlemen named above, constituting the South Carolina
 Board of Directors, in whose integrity you must have entire confidence.
 The Piedmont claims to be equal in the privileges and benefits granted its patrons, to any other
 Company, surpassed by none, and superior to many, and only requests parties wishing to insure
 not to do so until they have examined the merits of this established Southern Company.
 The first Dividend of the Piedmont Life Insurance Company paid on Life Policies was
 FORTY PER CENT., which proves the economy of its management and its careful selection of
 risks.
